

ROGER, REBECCA & ELIJAH

Thank you for taking the time to learn a little about us. We are Roger & Rebecca, and we live in beautiful Central Kentucky, close to Lexington.

Growing our family through adoption has always been something we planned. Roger was adopted, and our close friend that introduced us was also adopted. We are also unable to have biological children. We adopted our son, Elijah, in 2016. Being a family has been our greatest joy, and we feel so thankful to be Elijah's parents.

We have so much more love to give, along with more room in our home and hearts for more children. We pray that our family continues to grow, and Elijah can't wait to be a big brother.

Please know that we appreciate and respect you for making this brave and compassionate decision.

Sincerely,
Roger & Rebecca

about us

We met through a close friend on Valentine's Day. We soon fell in love and have celebrated every Valentine's Day together since. We are partners in life and best friends. We appreciate life's joys and tackle our struggles together. We have a marriage based on trust, honesty, communication, respect, faith, and love. We love to spend time together, both as a couple and a family. We love to travel, hike, watch movies, attend concerts, cheer on our favorite sports teams, laugh, have fun, and spend time with our extended family and friends.

We are so thankful for our marriage, our son, and our life together. We don't take our blessings for granted. We try to make the most of each and every day, whether it's planting a garden in our backyard or traveling to a new destination. We are grateful for each day spent together.
