

NIC & ANSLEY

..... Hello

EXPECTING MOTHER

THANK YOU SO MUCH

for taking the time to learn more about us.

We understand that the choice you are considering is both brave and selfless, as well as, challenging. Your courage gives us the opportunity to expand our family. From the beginning of our relationship, we desired to become parents. However during our marriage, we encountered difficulty having children. We have walked through several miscarriages and losses. Although our struggle with growing our family has not been easy, we are so excited to bring a child into our home through adoption.

Our little family is really ready to grow, and we are honored that you may become part of this journey.

Our life together is full of love, dedication, and adventure. We eagerly anticipate sharing this with our future child. The thought of becoming parents, brings us such joy!

Becoming Parents

Ansley's Perspective

Becoming a mother has always been a dream since I was a little girl. I am looking forward to adding a little one to our family more than I can express with words! I look forward to creating special family traditions and helping them achieve the goals they set for themselves. Most importantly, I can't wait to pour all of the love in my heart onto my child. I hope they always know how much I love them!

Nic's Perspective

I'm most excited to become a dad because I look forward to the chance to share all of my experiences, hobbies, and knowledge with them. Having a child will give me the opportunity to show them the love from a father's perspective.

Faith & Education

Education

We both believe that education is important and everyone should have the opportunity to receive an education. We both want to encourage our future children in their academics. We are open to our children going to college or getting a trade. We want to equip them with whatever they need to be able to provide for themselves when they are adults.

Faith

Nic and I both grew up in Christian households. We believe that Jesus is the son of God and that he forgives our sins. We have learned and grown in our faith over the years. The biggest lesson we have learned recently is how to trust in God fully with life. We hope to teach our future children about God and his grace.

NIC'S SIDE

NIECES

We have two nieces. The oldest is seven and the youngest is two. We love to spend time with them. Playing games & dancing together are some of our favorite things to do together.

EXTENDED FAMILY

WE ARE BLESSED TO HAVE A LOT OF SUPPORT FROM OUR FAMILY!

We are incredibly fortunate to have such a close family! We enjoy multiple trips together throughout the year. It's such a blessing that many of our relatives reside right here in our town, while others are just a short drive away. Birthdays and holidays are special because we celebrate together! Excitement bubbles as we eagerly anticipate meeting the newest member of our growing family!

OUR FRIENDS

We are fortunate to be surrounded by so many friends! They are truly a blessing in our lives, providing support, companionship, and joy.

Nic's childhood friend Jake

Ansley's childhood friend Chelsie

Gathering with friends at neighborhood eateries is a definite must!

PETS

These are our dogs, Smoltz and Birdie. They are 4 years old. They are sweet, calm dogs. They love to run and play outside.

Home Sweet Home

Our home is located in a rural area on two and a half acres of land that joins our family's land. There is plenty of space for running and playing, riding our UTV, and enjoying nature! We love having our family as neighbors, but also enjoy the peace and quiet the countryside provides. This happy medium grants us the best of both worlds. Local parks, stores, church, and friends are not far away. We have lived in our home for four years, and with much care we remodeled each room ourselves. We plan to build on this property in the near future, especially after the exciting addition of adoption, which signifies a new chapter filled with hope and dreams.

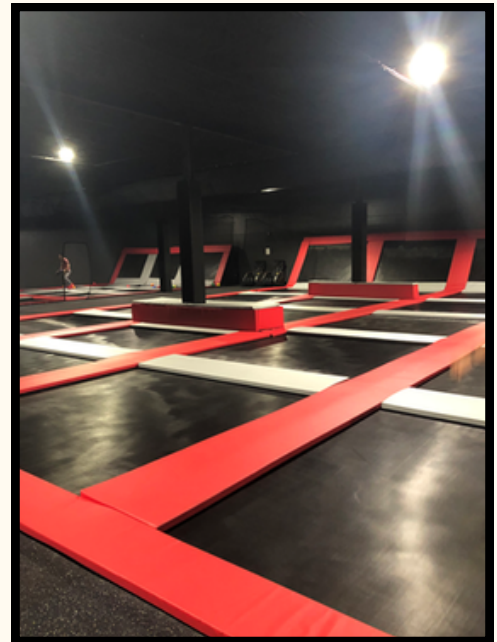

We have an open living and dining space. This helps our living area feel larger & cozy.

Our Community

We have many parks and recreational centers less than 10 minutes from our home. We love to take walks at several of these outdoor parks.
