

Joy

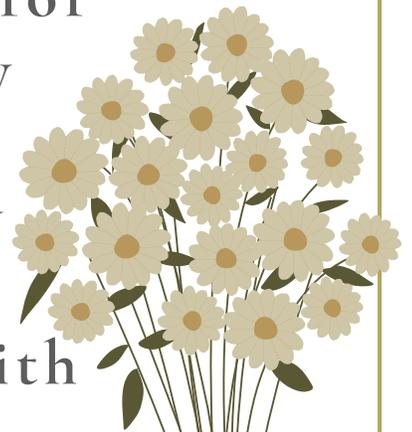

Hello!

Thank you for opening this book! My name is Joy, and I hope these pages will give you a glimpse into my life and the love I have to give to a child. Since my early adulthood, I have envisioned growing my family through adoption. I am thrilled to have realized my dream of establishing a horse rescue farm alongside my family. However, the only piece missing is the opportunity to share this life with a little one.

I can only imagine how difficult it is to create this adoption plan for your baby. Please know that my dream is to give this child a wonderful life and share all my love with this precious child.

My thoughts and prayers are with you during this process.

With Love, Joy

Why Adoption?

Throughout my twenties, I traveled to developing countries and became very aware of the many children in need of loving homes. I have always desired to grow my family through adoption, and now that I am established in my life and career, I truly believe that my purpose is to offer a loving home to a child who needs it. I am excited to be a mom, and I have an immense amount of support from my family and community to come alongside me to raise this precious child.

The best is yet to come!

More about me!

I am known by my family and friends to be full of life and someone who chases after my dreams whole-heartedly. My community describes me as loving, intentional, creative, caring, motivated, and accomplished.

PASSION & PURPOSE

I am an attorney and have loved serving the community through my job. I also run a horse rescue farm and boarding stable with the help of my parents. I am passionate about caring for the horses and giving them a second chance to live a happy life. Our farm is set in a close-knit equestrian community, where we have friends who attend horseback riding competitions regularly with us. I am excited to welcome a child into this loving and supportive community.

“ Joy is one of the most loving, compassionate, and dedicated individuals I have ever known. Her unwavering belief that everyone deserves love, kindness, empathy, and justice is evident in every facet of her life—her career, her friendships, and her family relationships. She has also spent her professional life advocating for truth and fairness. As a daughter, she has always put family first, ensuring those around her feel supported and cherished. As an animal lover, she has committed herself to rescuing and rehabilitating animals, particularly horses, providing them with a second chance at life. ”

My World Travels

One of my most unforgettable travel adventures was journeying across Asia to connect with family and explore the region, which included Cambodia, Vietnam, the Philippines, Hong Kong, and more. I immersed myself in the vibrant culture and had incredible experiences! Additionally, I have taken many trips to the Caribbean, where I enjoyed snorkeling and discovering the fascinating underwater wildlife. I look forward to showing these beautiful places to my future child one day.

Surrounded by so much love!

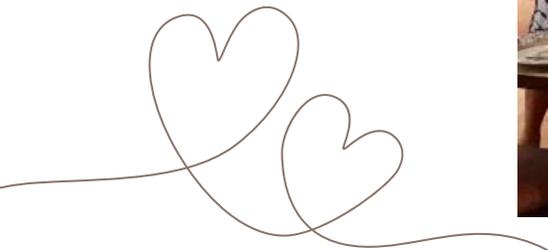

I was raised by my two loving and supportive parents who have helped me achieve my dreams and goals throughout my life. They are so incredibly supportive of my plans to adopt and will play an active daily role in this child's life.

They have already begun preparing by collecting toys and clothes for when he or she arrives. This child will be the only grandchild, so they will undoubtedly be showered with all the love and attention!

I also have wonderful and supportive extended family in Asia as well as locally in Georgia!

Home
Sweet
Home

I have lived in my family's multigenerational farmhouse since 2021. We own 22 acres of land, and we have no plans to ever move! My home spans over 8,000 square feet and features 8 bedrooms, along with an infinity pool. There is plenty of space for a child to grow, learn, and play!

Welcome to my Equestrian Neighborhood

My neighborhood is an equestrian community, where many homes are situated on small private horse farms. We often share the joy of horseback riding with our neighbors. There is a dirt road that remains unpaved, allowing residents to ride their horses alongside joggers and cyclists. Just a few miles from our farm lies one of Georgia's premier equestrian competition venues, where we regularly compete with our horses alongside neighbors and clients from our boarding stable.

THANKFUL FOR MY VILLAGE!

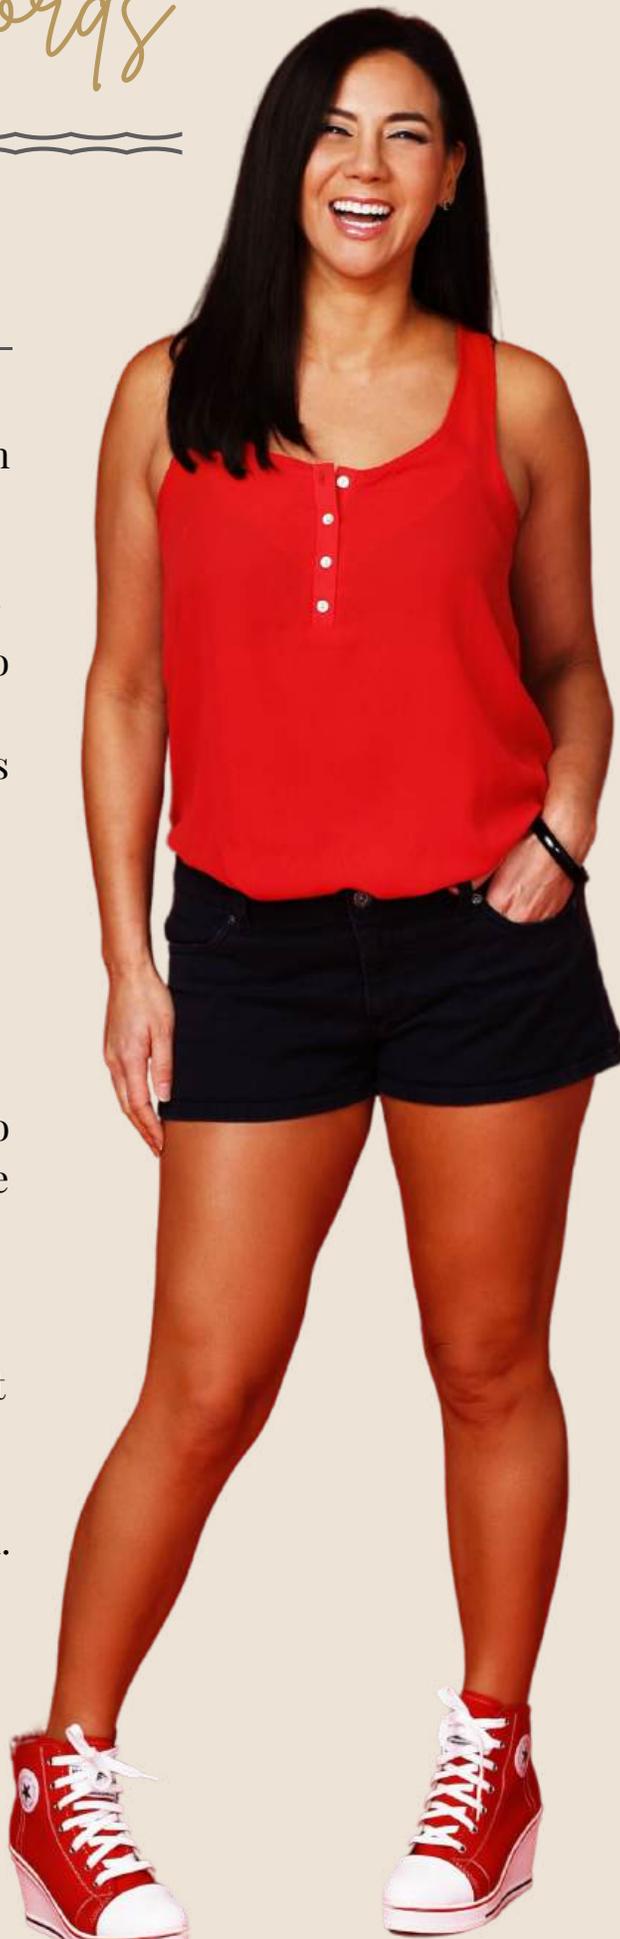

I am surrounded by so many friends who are supportive and excited for me as I enter this next chapter of motherhood.

Kind Words

In addition to running a horse rescue, Joy has led an extremely impressive career. She has worked abroad and in other major US cities, but it was clear to me from the beginning of our friendship that she was thrilled to be in this new chapter of her life—closer to family and with more career flexibility to spend more time with her loved ones. Joy confided in me early on about her desire to have a child of her own one day...I have the utmost confidence that Joy would parent a child with the same level of kindness that she has shown to me, her animals, and everybody I have seen her interact with.

Joy's future child will grow up to value learning, work, and giving back. Joy's somewhat atypical career path may also help her child recognize the need to be creative and intentional when pursuing a career. Joy is also a patient and insightful mentor to young horseback riders because of her own experience learning to ride as a child and all that she has learned in the years since about riding and horses. Joy's background as a mentor will be invaluable as she teaches and mentors her own child one day.

- Jeffery (Friend)

In addition to her own multicultural background, Joy has always had the opportunity to discover new ways to connect with others and see different cultures through travel with her family, and her own diverse life experiences. I have no doubt that, when given the opportunity to raise a child, Joy will create the same open, loving, and respectful home environment she was raised in.

MY CUDDLY COMPANIONS

In addition to the nine rescued horses on our farm, four of which are former racing thoroughbreds, I also have three dogs: Gertrude, a mini pit bull; Mortie Mae, a Rottweiler; and Penelope, a Chiweenie. As well as two cats, Andre and Penny, and my pet pig named Humphrey. They are all wonderful with children and bring a lot of joy to our family.

Interfaith Values

My home is a blend of faiths, featuring family members from Jewish, Christian, and Buddhist backgrounds. I aim to instill in my child a deep respect for all religions while encouraging them to explore their own spiritual journey.

Holidays + Traditions

Holidays are vibrant and joyful in our home! With our beliefs drawing from a mix of different faiths and traditions, we embrace a variety of customs that we cherish. We also enjoy dressing up our pets to add an extra touch of festive cheer!

EDUCATION VALUES

I had the privilege of receiving a wonderful education throughout my childhood and into adulthood as I pursued my law degree. I hope to provide my future child with the same opportunities, and I plan to support them financially and emotionally through all levels of their education.

My Promise

Thank you for opening this book and considering me as the potential adoptive mother to this dear child. My promise for your baby is this: I promise to love this child unconditionally, to give them all the tools to succeed, and create every opportunity for happiness. I promise their life will be rich in love, compassion, support and adventure.

This child will be valued and surrounded with care and cherished always.

Love, Joy
