

Megan AND Tim

Hello! WE'RE
MEGAN & TIM

Thank you so much for
taking the time to get
✦ to know us! ✦

We are deeply honored and humbled to
✦ be considered as adoptive parents. ✦

✦✦ Adoption ✦✦

has always held
a special place in
our hearts.

We believe family is built on love—not just biology—and we're ready to provide a child with a safe, nurturing, and joyful home. We dream of bedtime stories, messy art projects, weekend adventures, and being there every step of the way as a child grows into exactly who they're meant to be. More than anything, we hope to offer a life filled with stability, encouragement, and unconditional love. Thank you again for considering us—it truly means the world.

HAPPIEST WHEN WE'RE TOGETHER!

OUR LIFE *today*

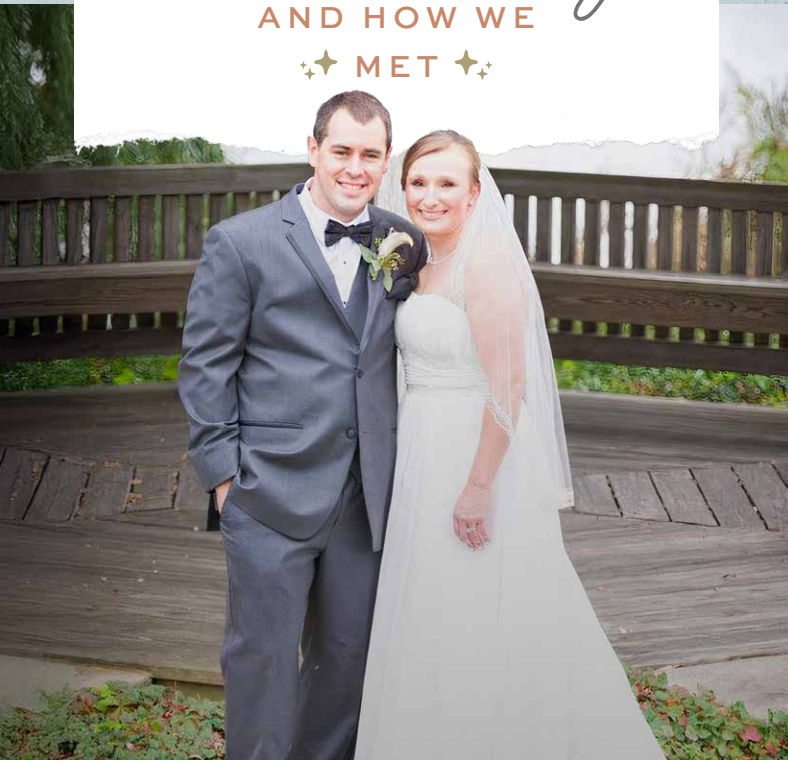

✦✦ *We live in a* ✦✦
welcoming, diverse
community in Illinois
where we both grew up.

We chose to stay because of the great schools, beautiful parks, and endless opportunities to explore. It's the kind of place where kids can safely ride bikes, walk our two sweet dogs, Stanley and Lola, build strong friendships, and feel like they're truly part of something special.

Our Story

AND HOW WE

✦ MET ✦

WE LOVE TO HIKE AND EXPLORE NEW PLACES

We went to high school together, but we didn't really start talking until Megan's cousin introduced us. We ended up working together at the community rec center—Tim was the head lifeguard, and Megan worked in the concessions area. As we spent more time together, we quickly grew close and started dating. Our connection has always been rooted in a shared love of family, the outdoors, and exploring new places.

Whether we're hiking, camping, or just finding new spots to visit, we truly enjoy spending quality time together and making memories ✦ along the way. ✦

About MEGAN

Megan is one of the most kindhearted and gentle people I have ever known. She has a natural warmth that draws people—especially children—to her. As an early childhood teacher, she spends her days nurturing and guiding young children, and it's clear that caring for little ones is not just her job, but her true calling. She lights up when she's around children, and they respond to her with so much love and trust.

Megan has a calm, patient spirit and a joyful sense of humor that makes every day brighter. She loves reading, spending time outdoors, and hosting small gatherings with family and friends. She is thoughtful and dependable, always the first to offer help or a listening ear. At home, Megan creates an atmosphere of warmth and comfort—our house feels peaceful and welcoming because of her.

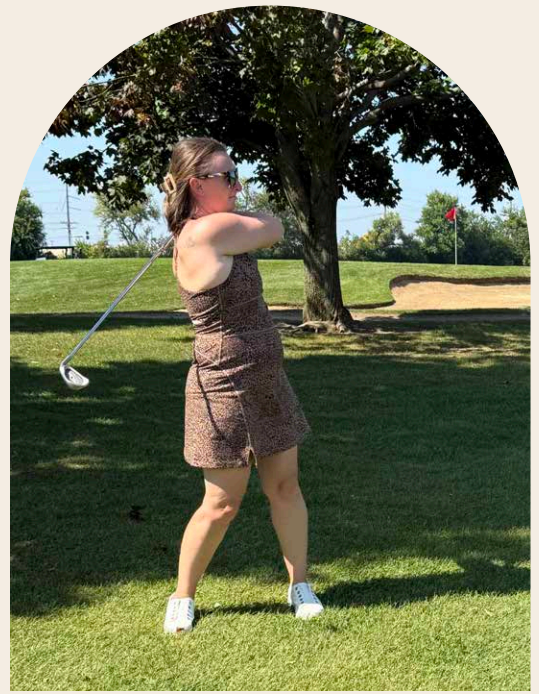

I know without a doubt
that Megan will be an
incredible mother.

Her kindness, patience, and natural ability to connect with children will make her a loving, attentive parent. She has so much love to give and is truly excited to share her heart and home with a child.

✦✦ About ✦✦ TIM

Tim has such a big heart
and I love seeing him
interact with kids.

He always has the biggest smile on his face and he gets right down to their level to play with them. It's so special to see the joy and excitement on the kids faces when they see Tim walk into the room. I'm so excited to see him become an amazing father one day.

Tim loves spending time outdoors—camping, hiking, fishing and exploring new trails. He also enjoys construction, woodworking, and fixing things in his own creative way while finding new ways to make things look and work even better. Whether he's building something, working on a project, or just relaxing around a campfire, Tim puts his heart into everything he does.

Our local parks

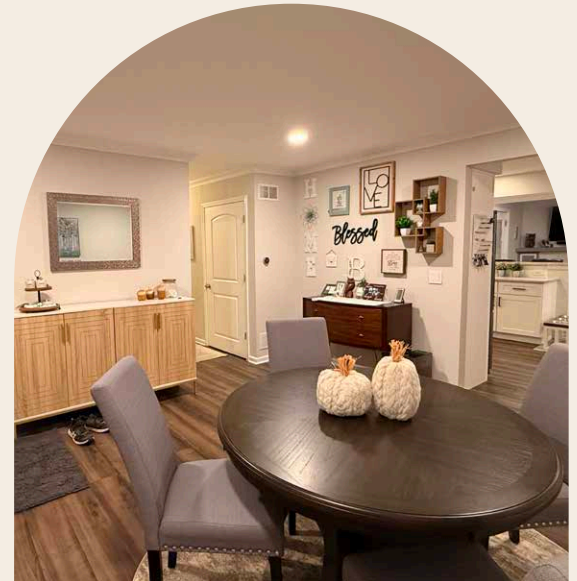

We live in a family-friendly suburb of *Chicago* that offers the perfect mix of community, convenience, and charm.

HOME SWEET HOME!

OUR DINING ROOM

✦ OUR HOME *and* COMMUNITY ✦

Our home is within walking distance to parks, top-rated schools, and playgrounds, making it easy to spend time outdoors and stay connected with neighbors. We love attending local events like the weekly farmers market, neighborhood festivals, and community baseball games throughout the summer. The area is also home to wonderful local landmarks, including a historic downtown, scenic forest preserves, and walking trails.

At home, one of our favorite things to do is entertain friends and family on our backyard patio—whether it's a casual cookout or cozy evenings around the fire pit making s'mores. It's a welcoming, active community where people know each other, and we feel so grateful to live in a place that offers a strong sense of belonging and a wonderful environment for a child to grow and thrive.

THE BEST OF FRIENDS!

✦ Our dogs, ✦

Stanley and Lola, are playful, gentle, and full of love.

They are an important part of our family and enjoy being included in all kinds of activities —whether it's going for walks, playing in the yard, or curling up for cozy snuggles. Their friendly, affectionate nature brings joy and laughter to our home every day, and they are always ready to offer comfort, companionship, and unconditional love.

✦ Loved Ones ✦

We are fortunate to live very close to our families, with most relatives residing just a few miles from our home.

ATV FUN WITH TIM'S FAMILY

This closeness allows us to spend meaningful time together throughout the year—whether it's a last-minute game of pickleball, a spontaneous Friday night gathering, or celebrating holidays surrounded by grandparents, aunts, uncles, and cousins. These moments are filled with laughter, shared meals, and cherished traditions that strengthen our bonds and remind us how grateful we are for one another. In addition to family gatherings at home, we take an annual trip to Minnesota, where our extended family takes over an entire resort for a week of fun, relaxation, and connection. It's a tradition filled with boating, campfires, games, and making lasting memories with relatives and friends from near and far.

✦ Family ✦

is truly the heart of our lives, and everyone is so excited to welcome a new child into this circle of love, encouragement, and belonging.

A STRONG WORK ETHIC

One of the most important values we hope to share with a child is the importance of being hardworking and making your own path in life.

PERSEVERANCE & DEDICATION

We want to teach them that dedication, perseverance, and a strong work ethic can help achieve goals and overcome challenges.

INDEPENDENCE & CONFIDENCE

At the same time, we hope to encourage independence, curiosity, and the confidence to explore their own interests and follow their unique path.

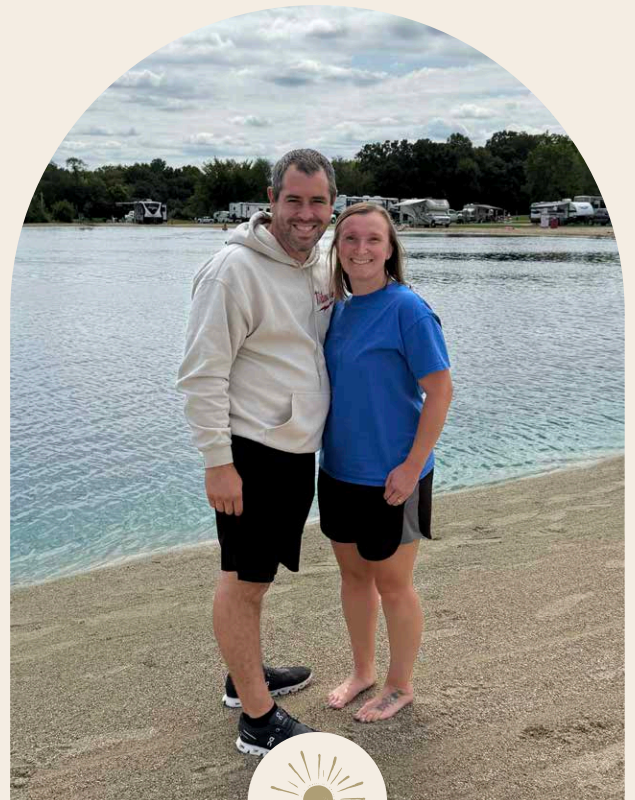

SUPPORT & ENCOURAGEMENT

We believe in supporting a child's dreams while guiding them with love, patience, and encouragement every step of the way.
